

## **Teacher/Principal Evaluations Made Easy!**

A DESE EDUCATOR EVALUATION PRE-QUALIFIED VENDOR

## The StaffTrac Story

INCREASE

StaffTrac<sup>™</sup> was designed from the ground up with the input and insight of education professionals. We listened to your frustrations, challenges and needs regarding the entire Teacher/Principal observation and evaluation process and created a one-of-a-kind, all-inclusive system to save time, workload and effort.

### A SEAMLESS SOLUTION

StaffTrac delivers a complete online solution to help you manage all aspects of the process and is accessible from any tablet, computer or mobile device. There's even an HR module for tracking teacher data and conducting professional development initiatives and events.

## We Feel Your Pain

For years, administrators have grappled with information scattered among hundreds of fields and massive amounts of excellent but inaccessible data.

Implementation Challenges Disconnected Applications Add-Ons Information in Hundreds of Fields That all changes with StaffTrac!

Check out all the features and make a comparison for yourself.

# Let StaffTrac<sup>™</sup> Do the Work for You

### One System. Problem Solved.

StaffTrac is your complete teacher/principal evaluation management system, the only one-stop APPR solution that handles all your compliance and reporting needs. Everything from developing and tracking SLO's to one-click reporting at the end of the year.

### **Tailored to Your Needs**

Use any rubric and customize multiple evaluation components to mirror your school's process. All historical observations are easily imported into StaffTrac, and its ability to be easily configured to your exact specifications is second to none.

### The Only One of Its Kind

Unlike other systems where you struggle with isolated and disconnected programs, StaffTrac manages everything from one source without add-ons of any kind. It's simply the best, most advanced evaluation and management solution in the industry.

I have worked with Educational Vistas for many years and have found their staff to be well informed of best and current practices. Their solutions help school districts operationalize current mandates facilitating our ability to implement evolving APPR Regulations to include data analysis and the observation process. What is more, Educational Vistas synthesizes customer feedback and uses the information to improve their applications.

ASSISTANT SUPERINTENDENT FOR CURRICULUM, INSTRUCTION, & PUPIL PERSONNEL SERVICES

# **Getting Started**

The Educational Vistas Team has worked with hundreds of school districts to implement our industry-leading tools and systems. We have a proven track record of success and understand the importance of a smooth, efficient, zero-impact transition to your new StaffTrac APPR Management System. Our developers have created sophisticated sync and form-building tools to assist us in connecting to your data – regardless of the source – efficiently and seamlessly. Let's get started by setting up a Webex or in-district product demonstration to explore StaffTrac and further discuss our "Zero-Impact Implementation Plan."
